

Ad Hoc Report: COVID-19 Impact on Academic Programs

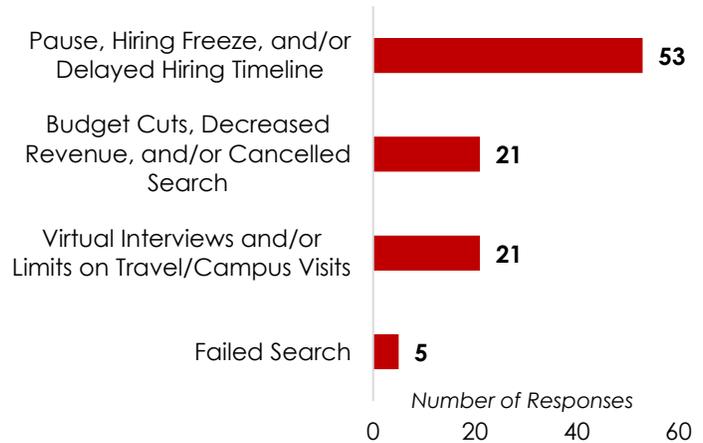

2020 CSD Education Survey for Academic Year 2019-2020

Number of Departments Where Searches for Faculty Were Affected by COVID-19

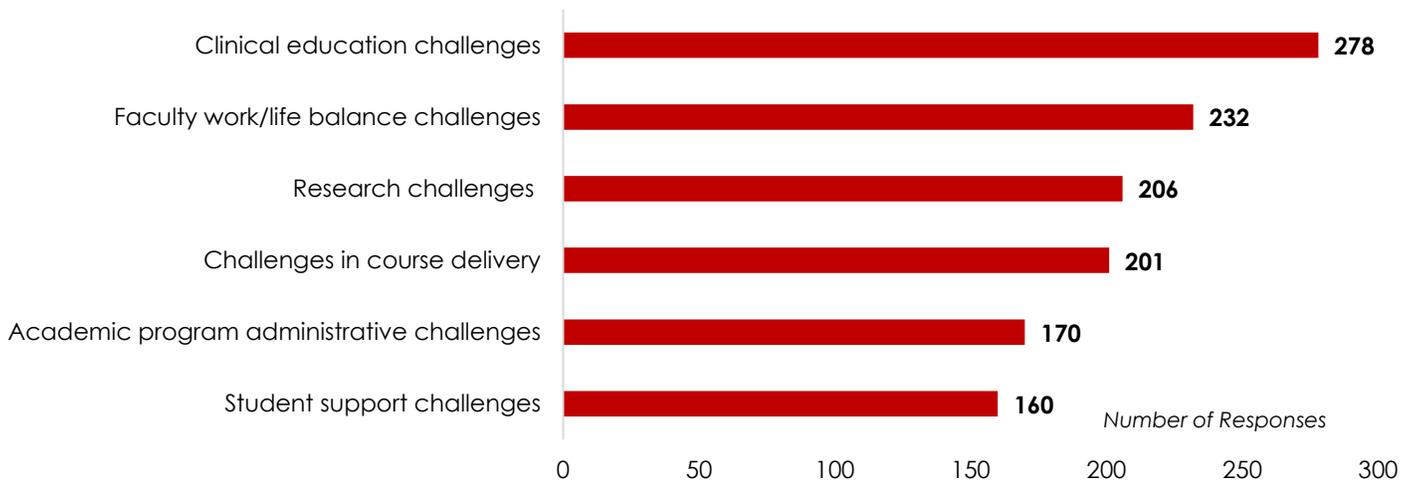

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 298 institutions responded to this question, 16 of which reported "Don't know."

How COVID-19 Affected Department Hiring Processes (Open-Ended)

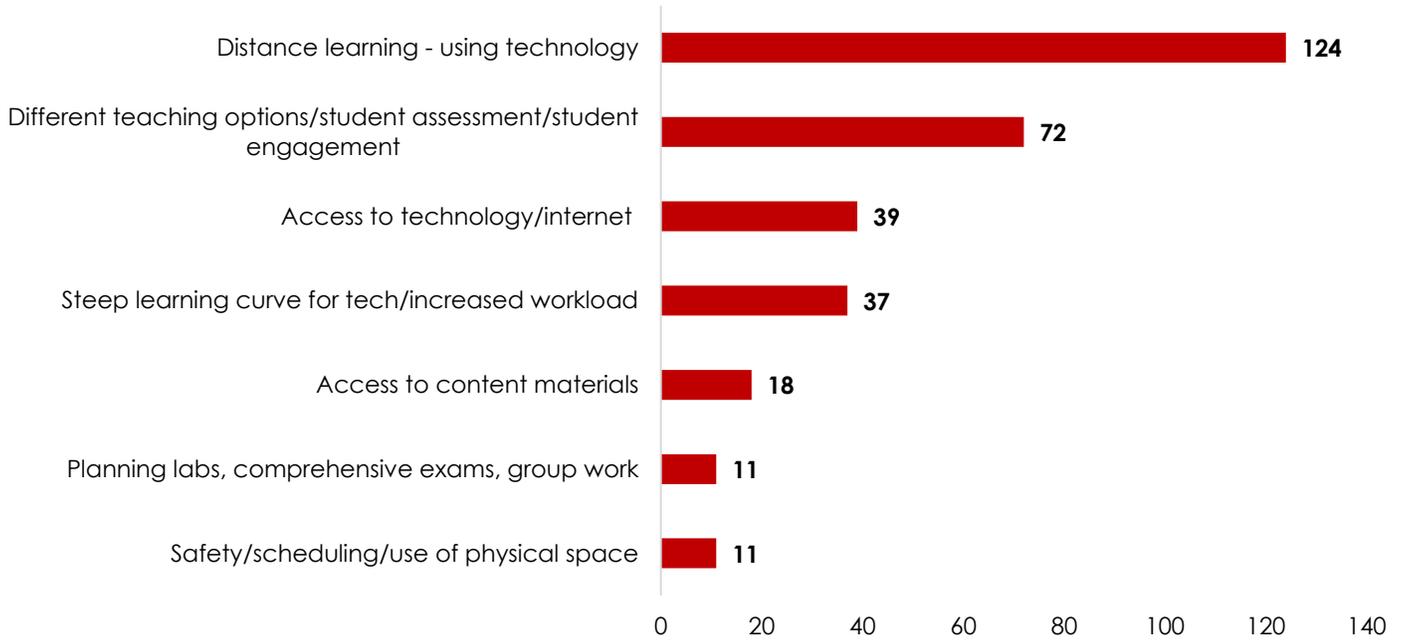

Note: 85 (99%) of the 86 institutions that reported that their faculty searches were impacted by COVID-19 described how their searches were impacted.

Number of Departments that Reported Experiencing Challenges Brought On by COVID-19 (Check All That Apply)

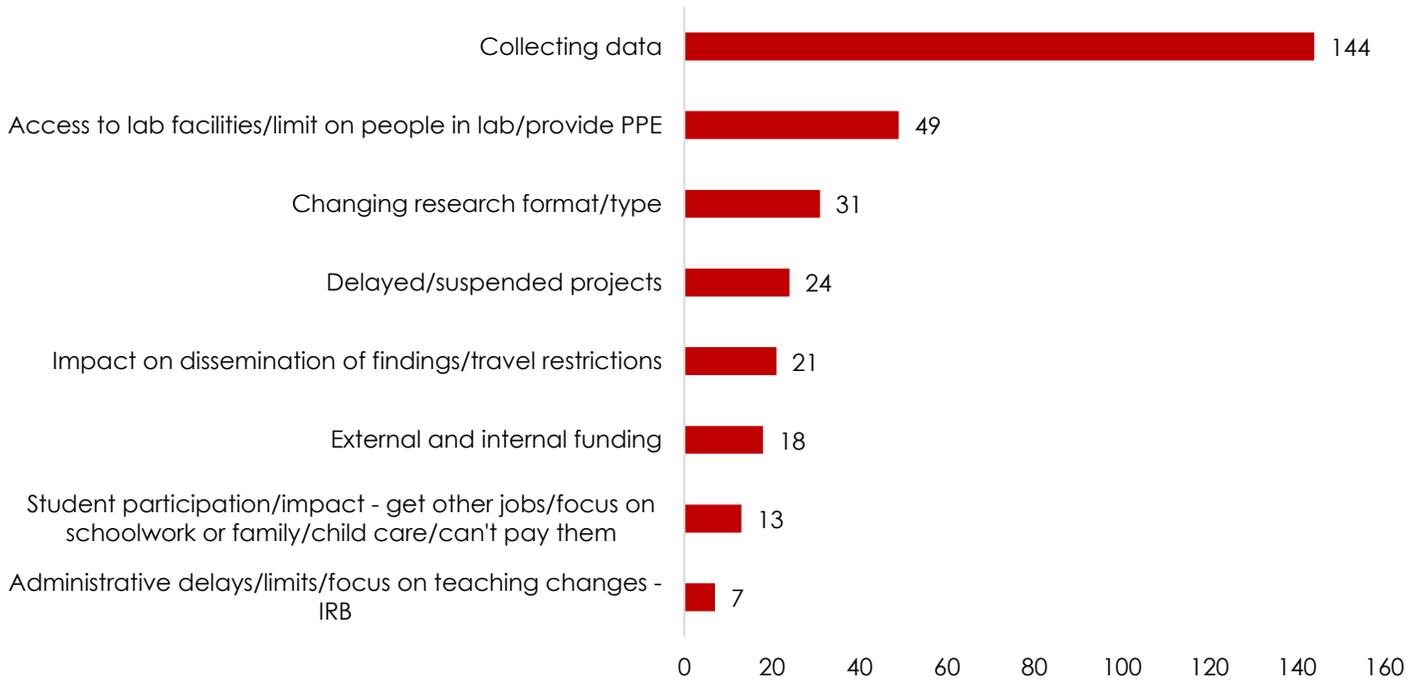

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

Challenges Brought On by COVID-19: Course Delivery (Open-Ended)

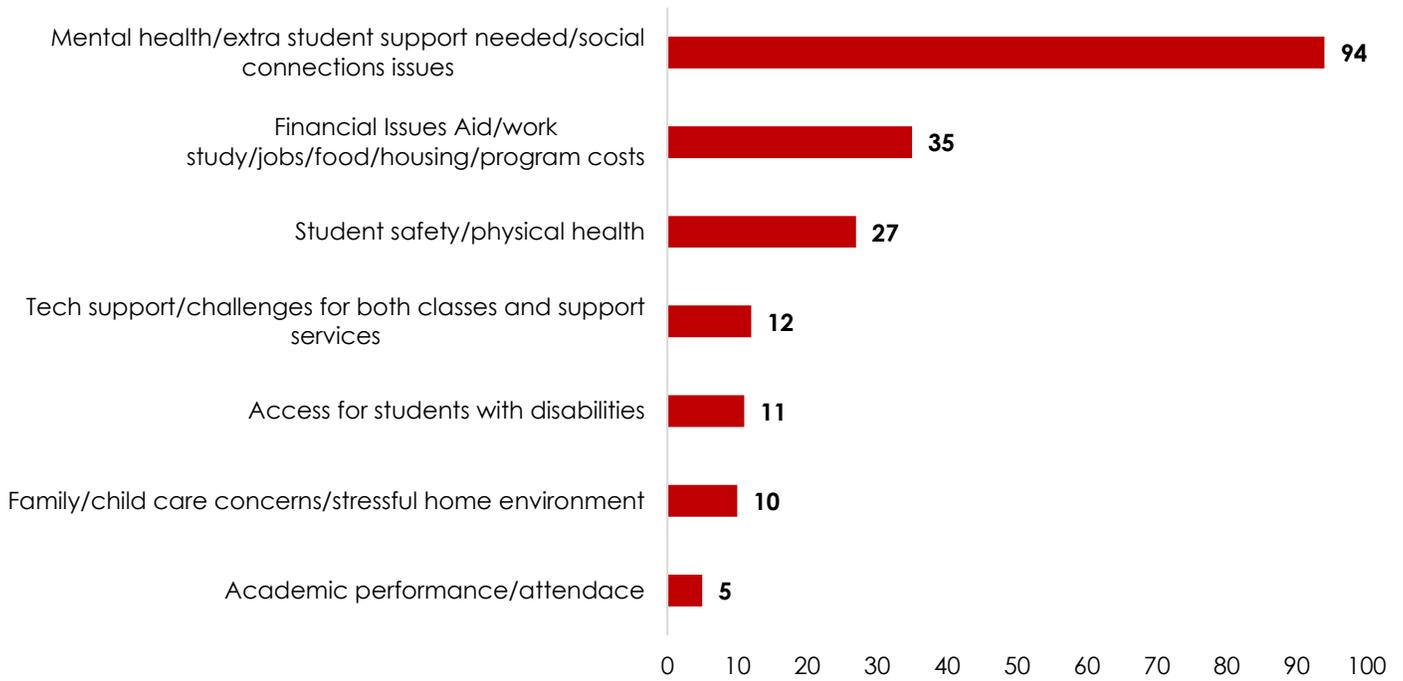

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

Challenges Brought On by COVID-19: Research (Open-Ended)

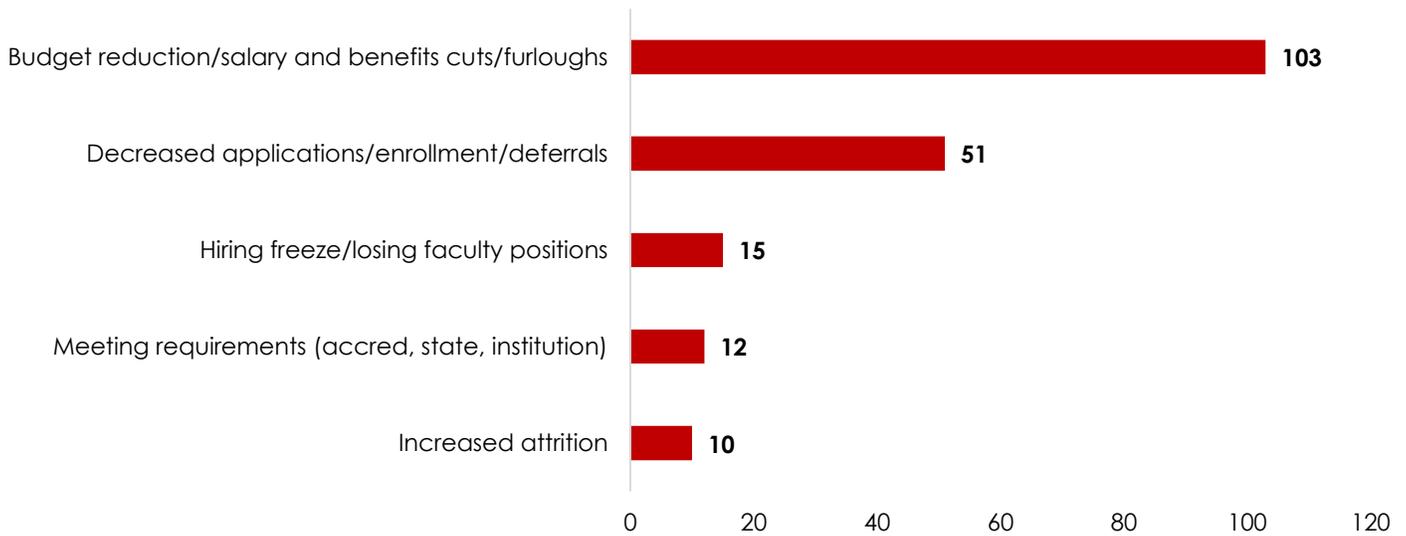

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

Challenges Brought On by COVID-19: Student Support (Open-Ended)

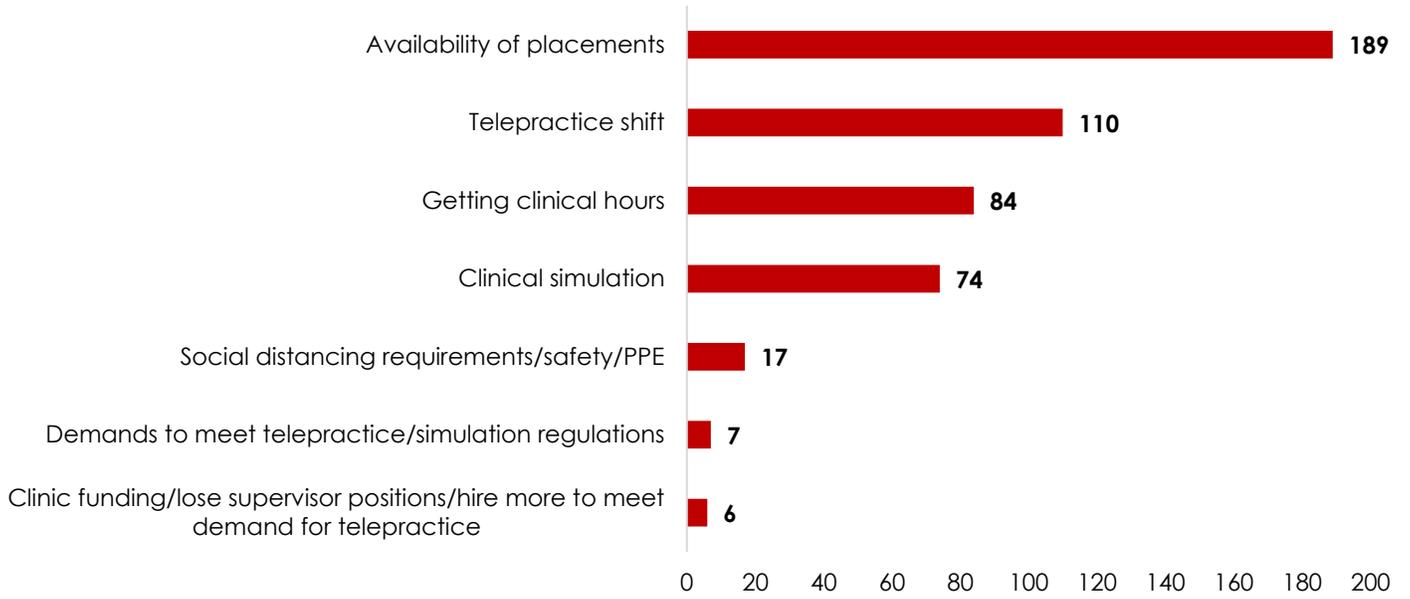

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

Challenges Brought On by COVID-19: Academic Program Administration (Open-Ended)

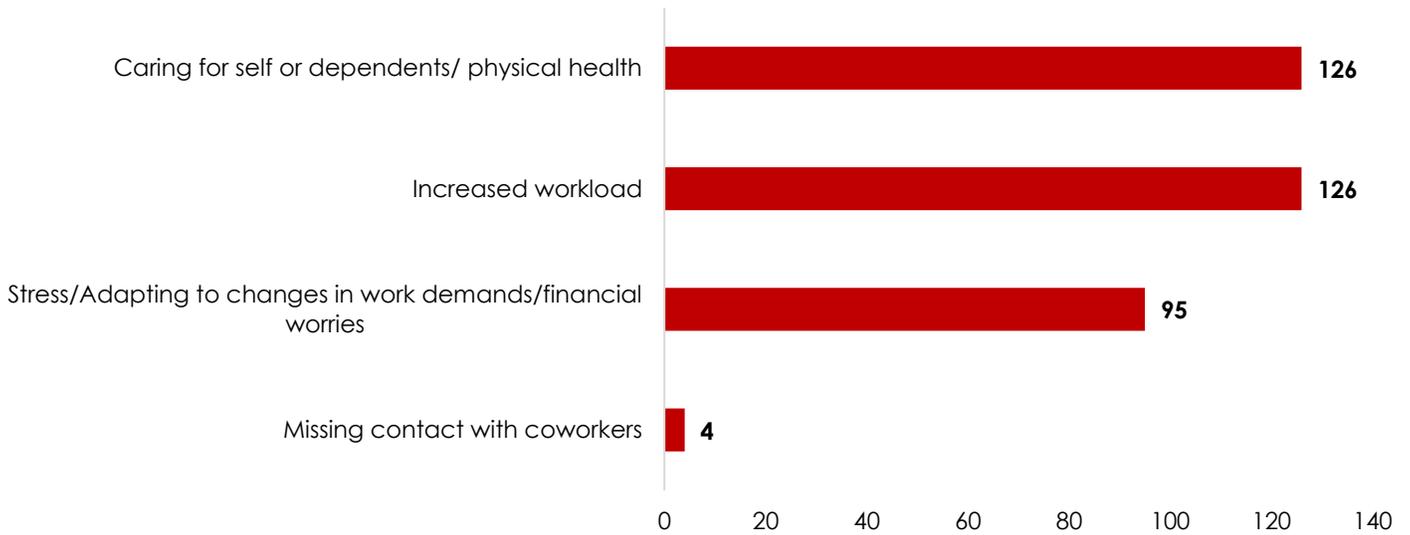

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

**Challenges Brought On by COVID-19: Clinical Education
(Open-Ended)**

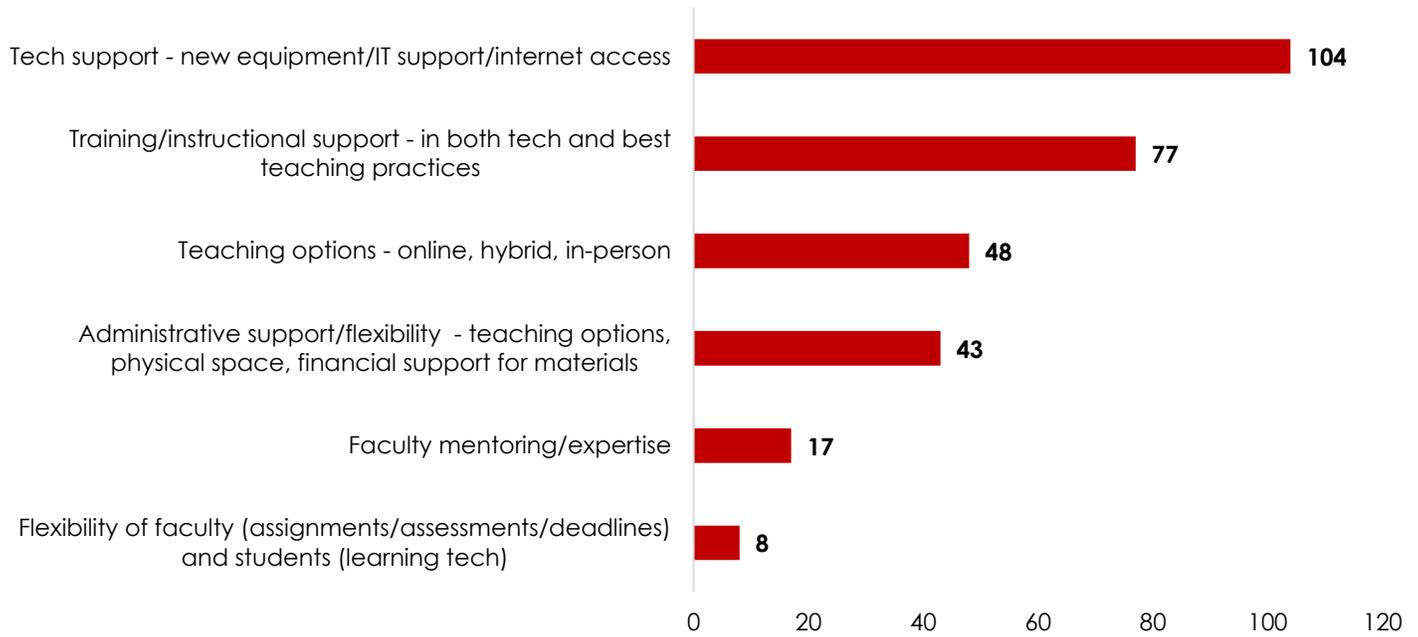

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

**Challenges Brought On by COVID-19: Work-Life Balance
(Open-Ended)**

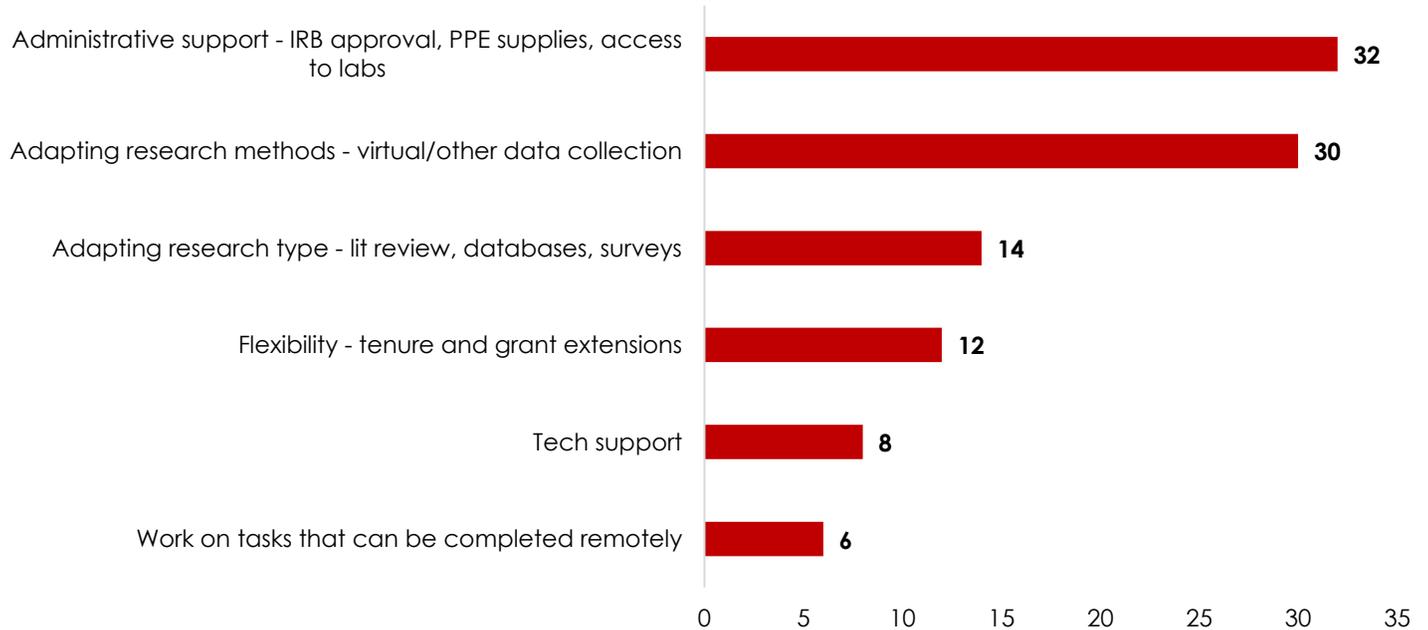

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

Strategies to Address COVID-19 Challenges: Course Delivery (Open-Ended)

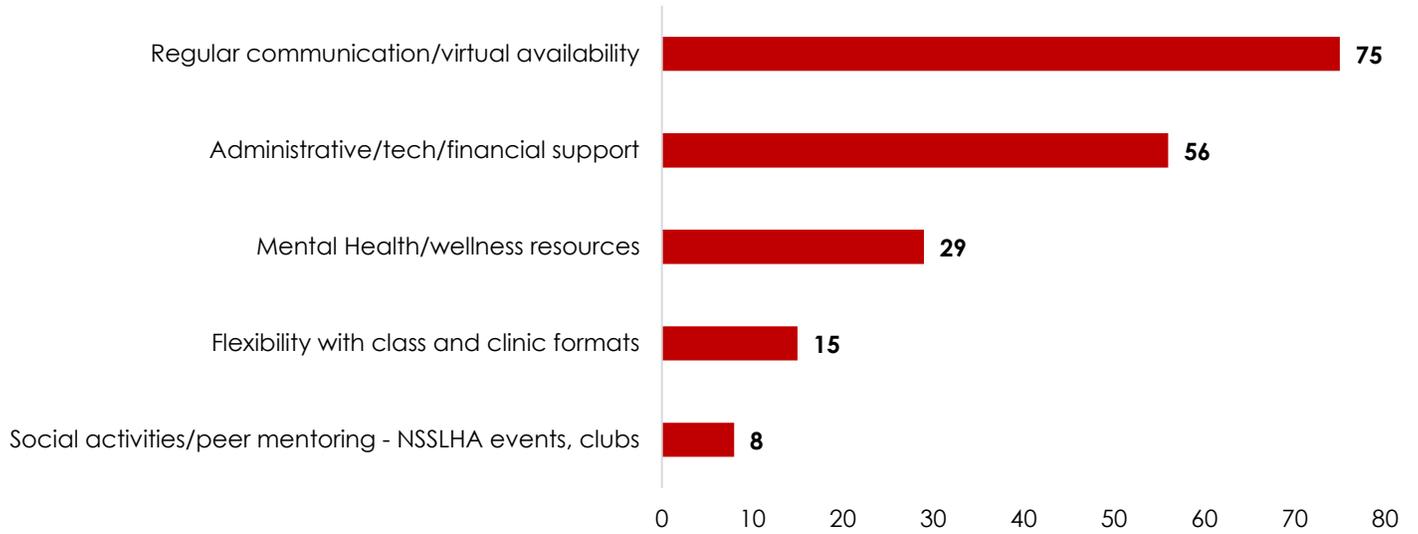

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

Strategies to Address COVID-19 Challenges: Research (Open-Ended)

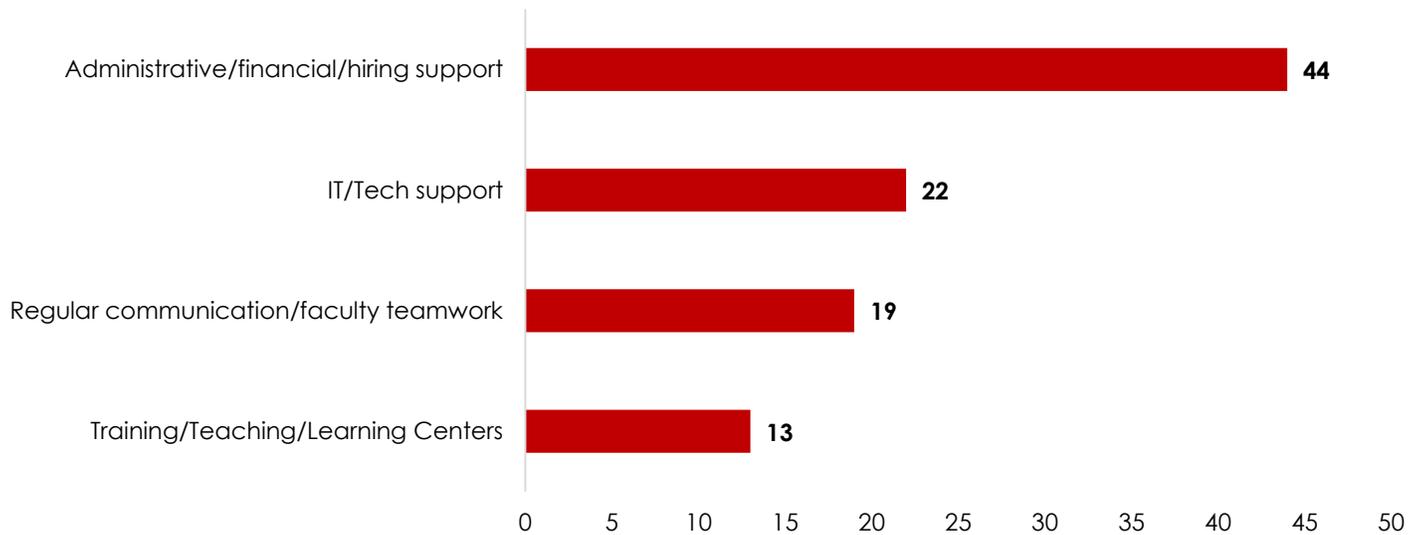

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

Strategies to Address COVID-19 Challenges: Student Support (Open-Ended)

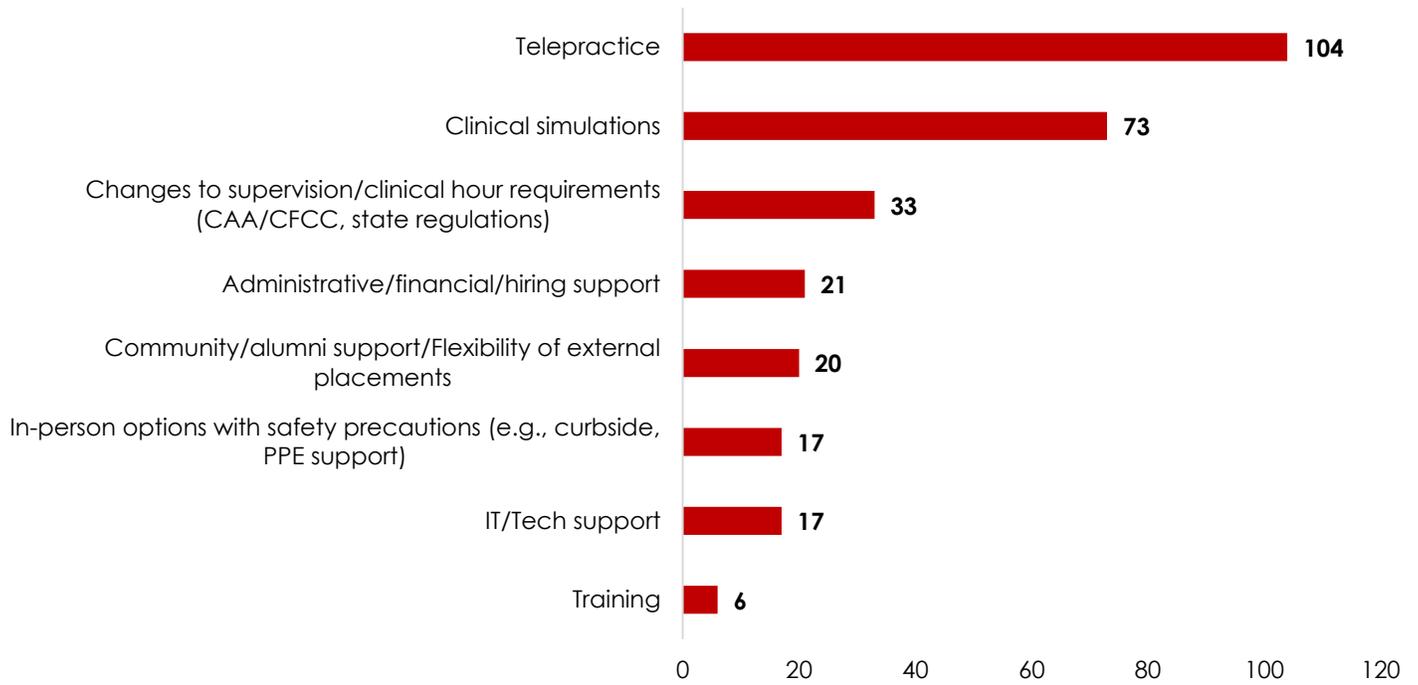

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

Strategies to Address COVID-19 Challenges: Academic Program Administration (Open-Ended)

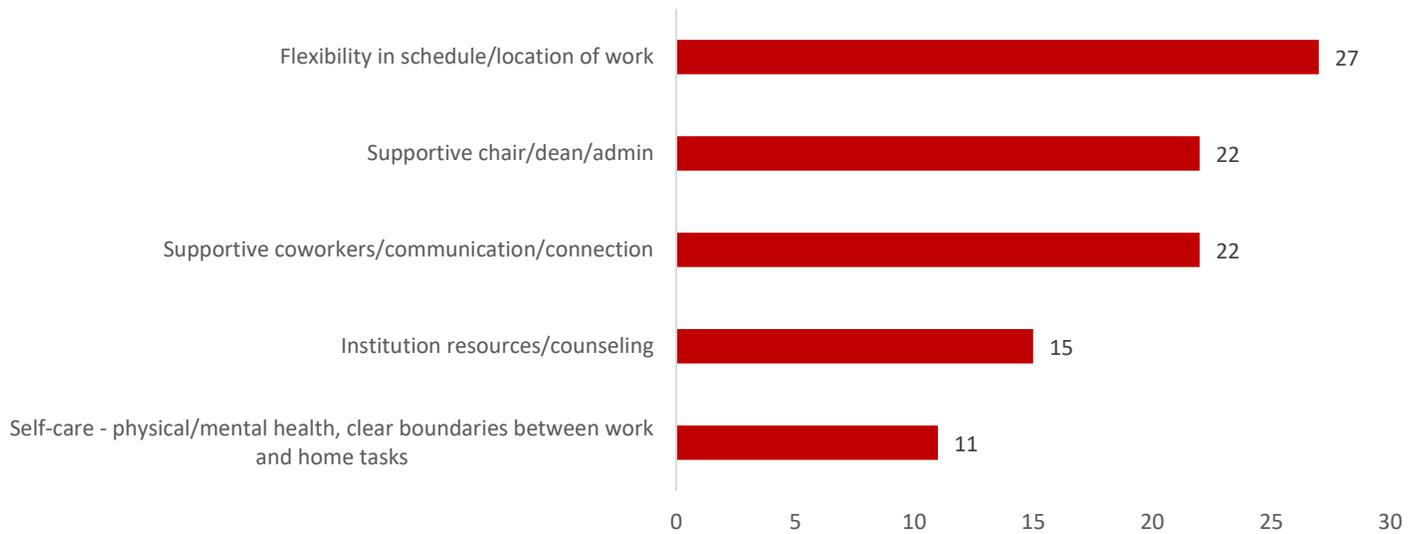

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

**Strategies to Address COVID-19 Challenges: Clinical Education
(Open-Ended)**

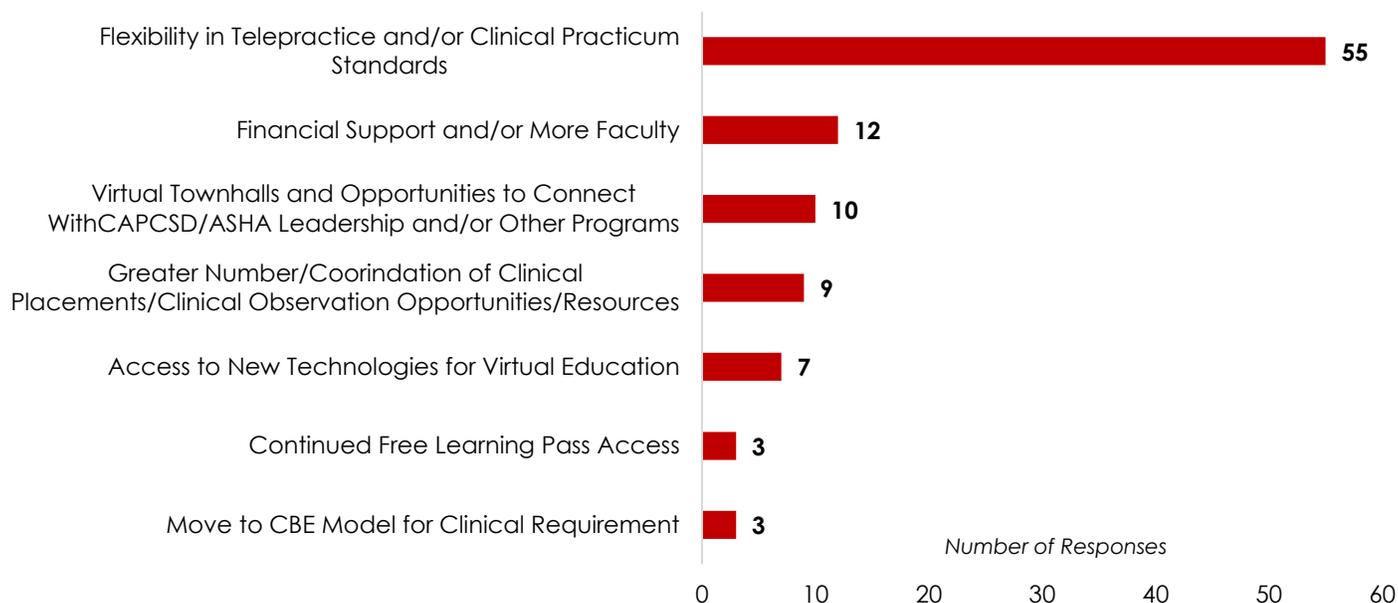

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

**Strategies to Address COVID-19 Challenges: Work-Life Balance
(Open-Ended)**

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 293 institutions responded to this question.

Additional Resources or Information that Would Ease the Challenges Brought on by COVID-19 (Open-Ended)

Note: 302 (91%) of 331 institutions completed the 2020 CSD Education Survey. 125 institutions responded to this question.

COVID-19's Impact on Student Graduation

Area of Study and Degree Type	Number of			Students Whose Graduation Was Delayed
	Existing Programs	Programs Responding	Programs That Reported Delays in Student Graduation Due to COVID-19	
Undergraduate	272	250 (92%)	9 (4%)	14
Audiology				
Clinical Doctorate: Entry Level	80	74 (93%)	2 (3%)	2
Clinical Doctorate: Post Entry Level	4	2 (50%)	0 (0%)	0
Speech-Language Pathology				
Master's	290	275 (95%)	58 (21%)	220
Clinical Doctorate: Post Entry Level	8	7 (88%)	2 (29%)	6
Research Doctorate	83	78 (94%)	7 (9%)	11
Total	737	686 (93%)	78 (11%)	253

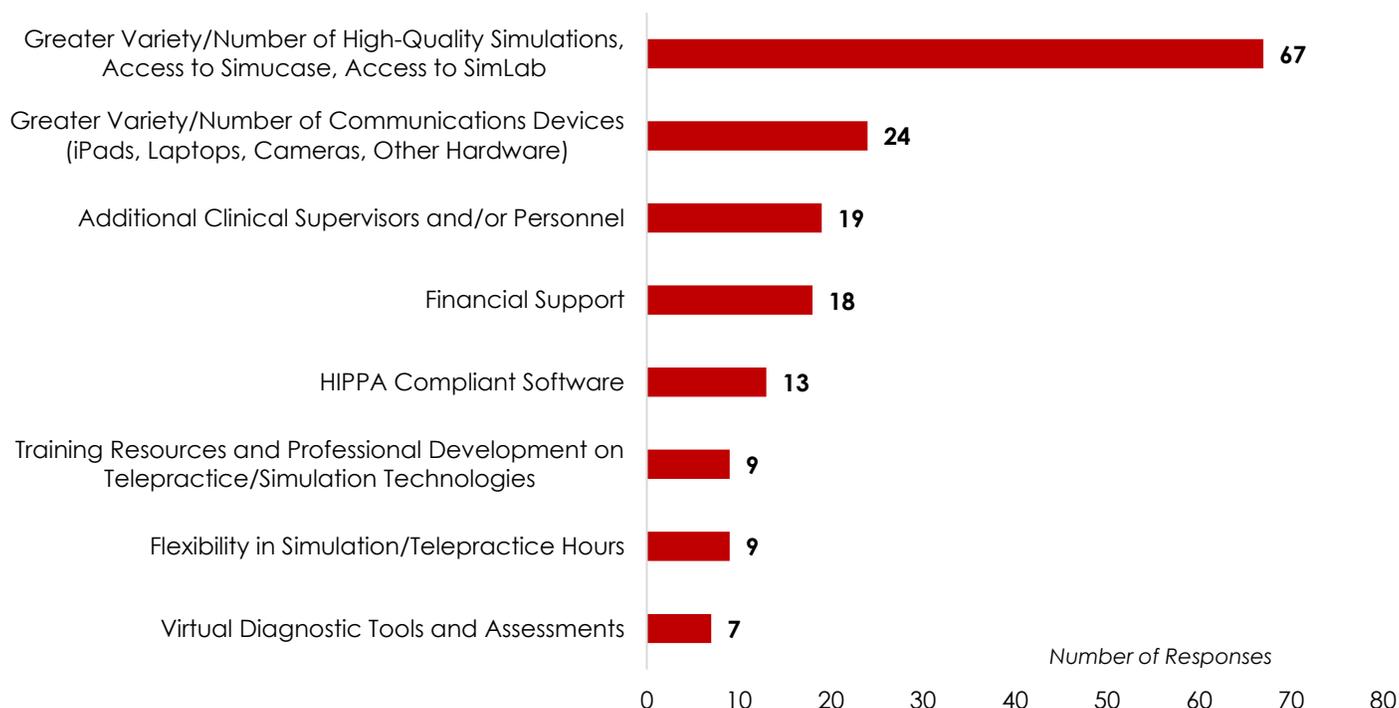

COVID-19's Impact on Student Enrollment in Fall 2020

Area of Study and Degree Type	Number of		Number of Programs That		
	Existing Programs	Programs Responding	Enrolled More Than Expected Students in Fall 2020	Enrolled Less Than Expected Students in Fall 2020	Enrolled the Expected Number of Students in Fall 2020
Audiology					
Clinical Doctorate: Entry Level	80	74 (93%)	3 (4%)	20 (27%)	51 (69%)
Clinical Doctorate: Post Entry Level	4	2 (50%)	0 (0%)	0 (0%)	2 (100%)
Speech-Language Pathology					
Master's	290	275 (95%)	27 (10%)	54 (20%)	194 (71%)
Clinical Doctorate: Post Entry Level	8	7 (88%)	0 (0%)	1 (14%)	6 (86%)
Research Doctorate	83	75 (90%)	2 (3%)	14 (19%)	59 (79%)
Total	465	433 (93%)	32	89	312

Existing Telepractice Resources and Simulations

Area of Study and Degree Type	Existing Programs	Number of Programs That					
		Have Sufficient Resources to Teach Telepractice in the Curriculum			Have Sufficient Simulations Available to Use		
		Programs Responding	Yes	No	Programs Responding	Yes	No
Audiology							
Clinical Doctorate: Entry Level	80	62 (78%)	48 (77%)	14 (23%)	69 (86%)	55 (80%)	14 (20%)
Speech-Language Pathology							
Master's	290	272 (94%)	249 (92%)	23 (8%)	273 (94%)	247 (90%)	26 (10%)

Resources Programs Need for Effectively Using Telepractice and Simulation in Clinical Education: Clinical Entry-Level Master's SLP Programs (Open-Ended)

Note: 275 (95%) of 290 clinical entry-level master's SLP programs completed the 2020 CSD Education Survey. 168 clinical entry-level master's SLP programs responded to this question.

Resources Programs Need for Effectively Using Telepractice and Simulation in Clinical Education: Clinical Entry-Level Audiology Programs (Open-Ended)

Note: 74 (93%) of 80 clinical entry-level audiology programs completed the 2020 CSD Education Survey. 37 clinical entry-level audiology programs responded to this question.
