186 provide Multilingual Services

Making effective communication, a human right, accessible and achievable for all.

## DEFINING THE PROFESSIONALS

**Audiologists** specialize in preventing and assessing hearing and balance disorders as well as providing audiology treatment, including hearing aids.

**Speech-language pathologists (SLPs)** identify, assess, and treat speech, language, cognitive communication, and swallowing disorders.

Audiologists and SLPs provide treatment to people of all ages, from infants to older adults.
